ACKNOWLEDGMENTS

To the Graduates of the College who have so generously given us the use of their songs, we are greatly indebted, and to Miss Gertrude Jane Burnett for her gracious assistance. We wish also to thank, for the courtesies they have extended to us: Will Rossiter, The Sherman Clay Company, Tufts College Song Book and the Tech Show, 1922. We have had many valuable suggestions and new adaptations and arrangements from Richard B. Platt of Boston, Mass.

"I do but sing because I must."

We all sing because we must, and especially when we gather together. In this way we express our feeling and pass on our lore to the newer members of the group.

It is fortunate for Simmons that she has students and alumni who prize her songs and have the will to preserve them. To them we are deeply indebted for this new volume. We shall often express our gratitude by singing because we must.
