ANNOUNCEMENT

CHANGE IN NAME OF CERTAIN CAMPUS HOUSES

Effective July 1, 1953, the names of certain campus houses will be changed as follows:

East House will become Turner House

Students House will become Hastings House

West House will become The Infirmary

The names Turner and Hastings have been selected from among the names of former owners of the land on which East House and Students House stand. The larger group of students living on campus will normally necessitate the use of the present West House exclusively for infirmary purposes.
