Dear Sir:

The Boston Branch of the English-Speaking Union is anxious to get in touch with as many as possible of the students and visitors from the British Commonwealth coming to Boston during 1953-54 to invite them to various activities, as we have done in the past.

We should appreciate your help in locating these people. Will you, when your registration is complete, let us know the names, addresses and home countries of any who are listed with you? We should also like to know the race, as some of our hostesses are particularly interested in special groups.

We shall be most grateful for your assistance, and, of course, the earlier we can have this information, the better we can make our plans.

Sincerely,

Mrs. Hamilton Osgood
