Dr. Mrs. K. Wakasugi

2297 LAGUNA STREET
SAN FRANCISCO, CALIFORNIA

Sept 7, 1930

Miss Dora Sherburne
Registrar, Simmons College.

My dear Miss Sherburne -
Today I received
-the letter from Miss Chambers
of Prince School asking me
to let you know the date
of my sailing for Japan
as -the government requires
the information
↓ sail from San

informing the date of my departure
to Europe in June as I happened
to be going home directly from
Europe to Japan without coming
back to U.S. again. As my
plan changed, I entered U.S.
as a temporary visitor, for
I had already finished of
being a student and the Dept.
of Labor requested them to
relinquish the student status.
I add this just to prepare
you in case anything comes
up.

Francisco Sept 20th by S.S.
"Totanta Maru"; N. Y. K.
line and I shall be happy
if you would inform the date to
the Dept. concerned.

As I had been travelling
Europe this summer the
letter forwarded to Europe
arrived too late & it came
back again. So I apologize
for the terrible delay.

The U.S. Dept of Labor
required the above information
in May and I answered them

Again I apologize for
the delay and hope it
did not cause any incon-
venience on your part.

Yours very sincerely,
Yoshiko Mori

My dear Mr. Hull:

After considerable delay in reaching Miss Yoshiko Mori, who was registered at Simmons College in 1929-1930, and who spent the summer in Europe, I find that she expects to return to Japan leaving San Francisco on September 20, 1930, by the Steamship "Totsuta Maru", N. Y. K. Line.

Yours very truly,

Registrar
